What do you mean by investor-owned?

A good question, Mr. and one that we're proud and happy to answer.

Mississippi Power Company is owned by thousands of individuals who have freely put their savings to work for the good of the state. Each share represents a unit of ownership in the company.

More than 120,000 men and women are direct investors in Mississippi Power Company and its parent firm, The Southern Company. Our shareholders own some 300,000 shares of stock. In fact, our ownership is so broad-based that it is truly representative of the people of the state.

I want to stress the fact that we have no hidden ownership. All of the stock is owned by the shareholders. There are no secret owners or hidden interests. The company is truly investor-owned.

The fact that we are investor-owned means that the people own the company. This means that the people have a say in the way the company is run. It also means that the people are entitled to a share of the profits.

The fact that we are investor-owned means that the people are entitled to a share of the profits. This means that the people are entitled to a share of the profits.

BAY ST. LOUIS, MISS.

Dear Friends:

Some months ago we started our remodeling program for the Funeral Home. Within the week we will complete this program with the installation of wall-to-wall carpets and new furniture throughout. I sincerely hope that this improvement will meet our needs for the next few years to come, as we grow with Bay St. Louis and Waveland.

Several months ago, South Mississippi and especially the Gulf Coast area has been approached by large chain operating funeral establishments, hoping to buy or make new locations in our area. The operation of a foreign out-of-state firm would greatly reduce the personal interest in our people's needs, and bring about a great change in the attitude and loyalty of SERVICE ABOVE SELF.

On Sept. 7th of this year, Mr. Robert Riemann of Gulfport and myself completed a legal transaction of operation for the Fahey-Whitfield Funeral Home, bringing it into operation with his funeral home of Pass Christian, Long Beach and Gulfport. In the future I will devote all my attention and efforts to selling and underwriting the entire populace of this area with our new Funeral Service and Life Final Arrangement (cash) Plans of insurance.

Through this combined effort, the Riemann- Fahey- Whitfield Funeral Home will give better service, both to the funeral needs, as well as the insurance needs for underwriting this inevitable event.

I will always have a deep interest in this area. Like my family before me I will continue to serve you and will try never to betray the trust that has been placed upon me.

May we look forward, with Trust in God, Faith in each other and strive for a better community and state in which to live.

Sincerely,

Kenneth R. Whitfield

LIFE'S LABORATORY

Have you ever thought of your life as a laboratory? There are no test tubes and no scientific textbooks to aid us in our study, but we've been given other aids more important still. We call them God's formulas for living.

ARE WE AFRAID? Then we may test the Christ-given formula. "Be not afraid, only believe."

ARE WE LONELY? Then we reach for the promise of the Lord. "And lo, I am with you always..."

DO WE DOUBT THAT GOD CARES? Then we can analyze for ourselves the message of the Christ, "God so loved the world that He gave His Son..."

These are only a few of the formulas for our lives. To test them we must first know them. The Church is ready to teach. We shall need direction also. The Church offers us the help of consecrated pastors and leaders.

Let's go to Church and learn the transforming power of God's formulas in the laboratories of our lives.

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

JACKSON, Miss. — The Mississippi Tax Commission reported general fund collections totaled \$2,608,026 in August, an increase for the sixth consecutive month.

plemment for fall calves in two years of testing at the North Mississippi Branch Experiment Station at Holly Springs. Good ryegrass pasture at the Station has carried three nursing calves per acre and finished them weighing about 525 pounds each in the spring.

Calves used in the tests were divided into two groups. One group was creep-fed corn and cob meal and cottonseed meal in a 9 to 1 mixture. These calves, in a 176-day test period, gained 327 pounds per calf or 1.84 pounds daily. Net profit per calf was \$50.87.

In the other group, three calves per acre were grazed on ryegrass pasture by means of creep openings in the fence. Over the 176-day grazing period, they made a total gain of 337 pounds each or 1.89 pounds daily. Net profit per calf was \$60.22.

Both groups of calves were taken off test at the same time, when the ryegrass pasture began to mature for the Lot 2 calves.

Cow and calves in both groups were on dry permanent pasture during the winter months. Cows were fed 40 pounds of silage, 2 pounds cottonseed meal and 5 pounds grass hay per head, daily.

A complete report of this research, which was conducted by S. P. Crockett, is published in the

to all Mississippi people" and "the numerous entries received each year in this division, indicate the popularity of the exhibit and interest in it.

Mrs. Lennis Robbins of Pelahatchie is in charge of this division of the Woman's Work Department of the Fair and premiums and expenses in this division total \$730.00.

General rules and regulations for the exhibit provide that all specimens entered must be the handiwork of the exhibitor and must be articles made in 1961 and 1962. All entries must reach the Mississippi State Fair by 10:00 A. M., Friday before the Fair opens on Monday, October 8. In addition, every entry must be tagged before it will be entered in the exhibit. Identification tags will be mailed to the exhibitor upon receipt of application for entry blanks.

Mississippi craftsmen have a wide variety of classifications in which to place specimens of their handiwork. Included are rugs, quilts, crochet, knitting, metal work, basketry, weaving, chair reupholstering and painting with prismacolor pencils.

Of special interest in the exhibit is the 1961 Cotton Boy Bag and Sewing Contest sponsored by the National Cotton Council of America.

CLERMONT CIVIC ASSOCIATION TO HOLD MEETING

The regular meeting of the Clermont Harbor Civic Association will be held Saturday Night at 8:00 P. M. at the Youth Center in Clermont Harbor.

Under the new slate of officers, with Leonard L. Rupp President, many activities are planned throughout the coming year.

If you are an eligible member you are invited to attend and have a part in the growth of Clermont Harbor.

appreciated. Besides the numerous citizens who will use this permanent pier, large junior Rodeo's for the children will be held upon completion.

If you have rocks to give, contact "Red" Reineke, Commander Joseph Benvenuti or Adjutant Edward Murtagh.

JOHN RUTHERFORD once again brings home to Bay St. Louis State Honors.

The Clement R. Bontemps Post No. 139 once again boasts a WHITE CAP member with Big John being elected to the State Sgt.-At-Arms Office. This little Post takes credit in that they have had more State elected positions in the past (Percentage wise) than average, credit being given with Lucien Kidd, J. F. (Polly) Green, Russell Elliott and Big John Rutherford.

According to reports speckles are being caught out at the marshes and small ones are being caught at Bayou Caddy and up Jordan River. The speckles at the marshes are running around 1 pound to 1 1/2 pounds. Green trout are still hitting where the water is clear, and that is most everywhere right now. The tide is low almost all day, which is ideal for fresh water fishing. Surface baits are being used and next month the trout should begin hitting underwater baits. Trolling will be in order during the cold months, of course on warmer days surface baits can still be used with success. In this section green trout can be caught the year round.

With the speckles Luke Elliott, Dec Elliott and Joe Glover caught over 100 Saturday. Live bait was used although Luke had good luck using Shad Rigs which he bets on. The fish weighed from a pound to a pound and a half.

Fishing out in the marshes is ideal but you had better have a large boat which is capable of taking it. The going is rough at times and it seems you are away from the mainland to the marshes which are large, full of bayous and lakes and a good place to get lost. A compass and map come in mighty handy.

The split dove season opened on the 8th of Sept. but according to local hunters there are no doves, plenty of mosquitoes and too hot. Should have better hunting during the second part of the season.

Shrimp are not too plentiful according to commercial fishermen, but prices in comparison to a few years back range like this; from \$3.50 to \$5.00 a barrel and today from \$90 to \$100 a barrel. Like everything else (in comparison) the prices are right. Fewer shrimp, higher cost of operating boats and it is hard work too.

Glad to welcome Charles P. Phillips from Jonesville, La., who owns camp at Ansley and who loves fishing of all types. Charley was a linotype operator and newspaper man for about 25 years but now a progressive business man comes down on every October to participate in his favorite sports.

Some good times are ahead Charles.

Mr. and Mrs. J. Boudreaux of New Orleans and children spent some time here this week. The children are rather small but Mr. Boudreaux tried his hand at fishing. He is with the New Orleans fire department as fire alarm dispatcher.

Karl Richardson and Perre Quintini made a nice catch of green trout Sunday, both are good fisherman and usually get their share.

Mike Necaise has a good fly fishing boat and used it to good advantage. Mike goes regularly and makes some good catches.

Champions-- Then and Now Photos Below

Now that this years soft ball season is over, elsewhere in this issue will be found pictures of this year's winner and the winners of the year 1940, which year we think was the beginning of soft ball in Bay St. Louis. Some of the players on the team known as the "Sanitary Doughboys" are deceased but they are still remembered for their prowess in the game. Soft balls at that time were softer and the game was much faster as the ball was thrown underhand and only the catcher and 1st baseman used gloves. Nolan Ladner our local game warden was manager and player and his young daughter Noleen, (now Mrs. Bill Breland) was mascot of the team. The games were played at St. Stanislaus Stadium. Nolan still has the autographed ball used in winning the final game.

Softball at this time is a favorite past time in Bay St. Louis and grows stronger each year. There are many followers of the game here and along the Coast and tournaments are numerous.

Many beautiful trophies are on display at different places of which the players are justly proud as well as sponsors of the teams.

A home on Long Island awaits Mr. and Mrs. Peter Kirby Bossard (Olga Marie Michel) whose marriage Saturday evening (August 18) was solemnized in a candle-light ceremony in the home of the bride's parents. The Reverend John V. Farnsworth of St. Alban's Episcopal Church, Westwood, officiated.

The bride wore a gown of white satin with overdress and chapel train of heirloom lace. Her finger, tip veil was caught in a lace cap and she carried a bouquet of white
